

1-2 December 2025
Convention Center
Chulabhorn Research Institute

Welcome to IFF Bangkok

The International Fertility Forum (IFF) is a unique and highly valued event in the fertility world, that focuses on business infrastructure and growth rather than science.

Whilst maintaining a clear belief that clinical outcomes and patient experience should be at the centre of the fertility world, this event offers practical advice on how to scale up without compromising on quality.

Alongside this essential conference content is the opportunity to make international business partnerships, with delegates expected from the United States, Europe, India and across South and Southeast Asia.

Russell A. Foulk, MD, HCLD (ABB)
Founder and Medical Director, Nevada Fertility Center

Dr Russell Foulk is an internationally recognised expert in fertility treatment and founder of seven successful fertility centres across the US and Serbia. He graduated top of his class at the University of California, San Diego, and has held faculty positions at UCSF, the University of Washington, and the University of Nevada. His research has focused on implantation physiology and stem cell science, with patents in immunologic proteins expressed by placental cells. A frequent speaker at international conferences, Dr Foulk has also appeared on major media outlets including Oprah and Inside Edition. He has helped bring nearly 30,000 babies into the world and takes great pride in supporting individuals and couples in creating families.

Vinesh Gadhia

**Chief Executive Officer & Executive Director on Board , Star
Fertility Pvt Ltd**

At the helm of Ferty9 Fertility Center, our team is dedicated to advancing reproductive health services, fostering an environment where every couple's dream of parenthood is nurtured with care and precision. With over three decades in healthcare, my leadership has been characterized by strategic growth, particularly in the IVF sector, where I've played a pivotal role in establishing and scaling up operations. Previously, as Senior Partner and CEO at BlackCap Equity Management, I spearheaded the development of the world's first Fertility Fund, aiming to craft a comprehensive global fertility ecosystem. This mission, driven by the values of compassion and innovation, is a testament to our commitment to making a lasting impact on communities worldwide, all while ensuring sustainable business success in the burgeoning fertility space.

Patsama Vichinsartvichai, MD., MClInEmbryol
CEO and Founder, LIFE by Dr. Pat

Dr. Patsama is a reproductive endocrinologist and infertility specialist with extensive expertise in IVF, congenital uterine malformations, and reproductive surgery. He seamlessly bridges the gap between the clinical and laboratory aspects of IVF, incorporating knowledge from his Master of Clinical Embryology (MClInEmbryol) into his private practice at "LIFE by Dr. Pat" clinic. Dedicated to both his profession and the wider community, Dr. Patsama serves as a committee member of the Thai Society for Reproductive Medicine (TSRM) and the Association of Thai Embryologists (ATE). Beyond his professional contributions, he actively engages with the public through his social media platform, "Fertile by Dr. Pat".

Dr. Nathan Zhang
Chairman & CEO, POWER IVF & IVF USA

Dr. Nathan Zhang is the Chairman and CEO of POWER IVF, a leading fertility center based in Mexico City specializing in global fertility services for families, single parents, and LGBTQ+ communities. POWER IVF is recognized for its high success rates in treating recurrent pregnancy loss, helping women of advanced maternal age, and supporting families with genetic risks.

With one of the largest egg and sperm banks in Latin America, POWER IVF provides comprehensive reproductive solutions, including specialized treatment packages for families requiring third-party reproductive medicine services.

POWER IVF is a wholly owned subsidiary of IVF USA, a Los Angeles-based fertility service company since 2010, IVF USA has delivered advanced fertility care across multiple international locations, including the United States, Mexico, Hong Kong, Thailand, Japan, and Taiwan.

POWER IVF operates under a full U.S. professional management system and maintains U.S. FDA compliance standards. The clinic features world-class laboratory facilities, led by a U.S.-trained lab director and embryology team, ensuring the highest standards of safety, technology, and care.

As an influential speaker in the global fertility community, Dr. Zhang continues to advance international collaboration and innovation in reproductive medicine.

Javier Herrero Zapata
IVF/Embryology Advisor
Leader, mentor & Coach

I have extensive experience in the field of assisted reproduction and reproductive medicine, from the IVF lab to quality and clinical integral management.

I have held management positions in companies such as IVIRMA Global, NOVA IVF Fertility and FERTY9 Fertility Centers implementing and controlling total quality management systems in large expansion projects.

I'm also passionate about the introduction and application of Leadership, Emotional Intelligence and Coaching in the Healthcare industry and with Healthcare professionals.

Sunil Kumar Jindal, MS, DNB, MNAMS

**Scientific Director, Andrologist & Reproductive Medicine Specialist,
Jindal Hospital & Fertility Centre**

Professor Sunil K. Jindal is a doctor in Endoscopic Surgery, Andrologist, Biologist, Micro surgeon and Reproductive Medicine Specialist.

He is the Scientific Director and Chief of ART laboratory, Andrology Department, and Endomicroscopic Surgery at Jindal Hospital, Meerut from 1998 till now. Given birth to 8,500 babies to infertile couples including a few world records.

He is the Scientific Chair of Annual Conference Indian Association of Assisted Reproduction 2022.

He is a board member of Delhi Chapter of ISAR and the Vice President since 2016.

He is a founder member of Global Andrology forum, a scientific body across 32 countries dedicated to Reproductive Medicine.

He is also a Hon Prof and Scientific Advisor to VIMS Institute.

Dr Susanna Park
MD, San Diego Fertility Center

Susanna Park, MD is world renowned for her fertility expertise, IVF success and excellence in medical care. Dr. Susanna Park has practiced as an infertility physician for the past 15 years.

Dr. Park joined the San Diego Fertility Center in 2012 following her tenure at Columbia University in New York City. Her passion is to combine her extensive experience as an infertility physician with individualized care and compassion.

Dr. Park is double board-certified in Obstetrics and Gynecology, Reproductive Endocrinology and Infertility. She graduated summa cum laude from Siena College and obtained her medical degree at Albany Medical College. Dr. Park completed her residency and her fellowship in Reproductive Endocrinology and Infertility, at University of Medicine and Dentistry of New Jersey.

Dr. Park has developed a large international referral practice due to her excellent patient rapport and high success rates with a variety of treatments including IVF, donor eggs, egg freezing and gestational surrogacy.

Dr. Park works closely with the leading surrogacy agencies to assist the LGBT community build families.

Tonya Canaday

**Director of International & Domestic 3rd Party Reproduction
Program, Fertility Institute of San Diego USA**

Tonya has been supporting intended parents on their family-building journeys for over 15 years. What she loves most about the process is the opportunity to connect with each parent-to-be on a personal level. With a deep belief that there's no greater joy than helping families fulfill their dream of having children, Tonya brings both friendship and extensive experience to the table. Her passion and empathy create a comforting, supportive environment that helps families feel truly accompanied every step of the way on their path to parenthood.

Tonya is the director the Fertility Institute of San Diego's third-party program which has an in-house egg donor database, extensive experience working with International families, and a patient-focused individualize care philosophy.

Neha K Motwani
Founder & CEO, Luma Fertility

I'm a second-time entrepreneur, my previous venture was Fitternity, India's largest fitness booking platform, which was acquired by Curefit.

Luma Fertility was born out of my own lived experience.

Having gone through multiple fertility treatments myself, I know first-hand how isolating, and overwhelming the process can feel. I often found myself wishing for a space that truly understood both the science and the emotions of this journey.

Determined to change that, I spoke to hundreds of women, mapped their challenges, and realized the need for a consumer-first approach to fertility care in India. That's how Luma came to life: a next-generation clinic that combines outcomes, technology, and care to make fertility journeys more humane and empowering.

Our mission is simple yet radical: to put patients at the heart of fertility care and build a system where their voices, choices, and journeys truly matter.

Dr. Kshitiz Murdia
Founder & CEO, Indira IVF

Dr. Kshitiz Murdia is the Whole-Time Director and Chief Executive Officer of Indira IVF. He holds a bachelor's degree in medicine and surgery from Rabindra Nath Tagore Medical College, University of Rajasthan, Udaipur, and a diploma in gynaecology and obstetrics from the College of Physicians and Surgeons of Mumbai. He is registered with the Rajasthan Medical Council. He has been associated with Indira IVF since its inception. He is a gynaecologist with a decade of experience of performing in vitro fertilisation. He has been conferred with various awards including, the 'Hall of Fame (IVF Specialist)' award for the West zone, at the National Fertility Awards by ETHealthworld in 2023 and 'Healthcare Leader of the Year' by FE Healthcare Awards in 2023.

Dr. Waranya Sirithanasarn

Gynecologist & Fertility specialist, IVF & Women Clinic

IDr. Waranya Sirithanasarn is a gynecologist and fertility specialist. She speaks English and Thai languages and believes in patiently understanding the patient's concerns and providing customized treatment plans tailored to the needs of individual patients.

Andrew Wong

Business development manager, Rhea Fertility

Andrew Wong is a business development manager at Rhea Fertility with extensive experience in the reproductive healthcare sector. He specializes in fostering strategic partnerships and enhancing patient engagement, particularly in the realm of medical tourism across the region.

At GenPrime, Andrew played a key role in the organization's rebranding efforts while primarily leading initiatives that strengthened its presence in the fertility and medical tourism landscape.

Previously, he led marketing and business development at TMC Fertility Centres in Malaysia, overseeing nationwide communication strategies and building strong stakeholder relationships that supported the growth of medical travel for fertility care.

Thank you for contributing your expertise and being part of this forum.
